# Free to All Weak Men! DEMOCRATS TO MAKE VIGOROUS CAMPAIG

### STRONG MEN ARE ALWAYS HAPPY MEN.

### A SWORN STATEMENT.

A SWORN STATEMENT.

CITY OF DENVER,
County of Arapahoe,
State of Colorado.

December 17, 1892. I. the manager of the
English Restorative Company, first being
duly sworn, on oath denose and say that
the ingredients of the Sir John Hampton
Vital Restorative for the cure of Sexual
Decline and Associate Diseases in men are
known to me and that this Restorative
does not contain any of the following poisonous drugs, which, to my positive knowledge, all or a portion of which are used in
all of the supposed cures for these affments that have been examined by me, to
wit: Phosphorus, Nux Vomica (Strychnine), Cantharides (Spanish Fly), Morphine
and Damiana eithough Damiana is not
considered a poison by some physicians).
And I do most solemnly swear that the Sir
John Hampton Vital Restorative contains
none of these drugs nor any other poisonous ingredient; that a child could take it
without injurious results; further, that I
am of the firm belief that this Restorative
will cure in every case the diseases or affments for which it is recommended, and
that it is the only medicine known to medical science which will develop or cause
growth in certain organs if atrophied or undeveloped. And further, that I have never
known of a case of Sexual Debility or Associate Diseases which has ever been perfectly cured except by the medicine which
is called the "Sir John Hampton Vital Restorative."

The manager of the English Restorative
Company has this day personally appeared
before me, a Notary Public for the County
of Arapahoe, State of Colorado.

MARTIN H. SMITH.

Notary Public.

AM the discoverer of a treatment which will restore to men their Vigor and Vitality when once lost. There are at least a hundred others advertising this very same thing—and, as most Weak Men know who have tried these cures, the results are not at all satisfactory. I have thought many weary days and nights how I could demonstrate to a man that my treatment—the Sir John Hampton Vital Restorative—would cure him, and at last I have decided to make this proposition to all men needing my treatment: I will send a prescription free and a full trial treatment of my Restorative to any man writing, for \$1.00, and prepay the treatment to him. Now, I would just as soon give the trial treatment free, but I have tried it, and found that every curlosity seeker in the country writes to me—men who never did nor never will take any physician's treatment if they have to pay for it. Now, this idea of mine will effectually do away with that class, for the charge of \$1.00 bars them out. Every treatment I send out for this amount costs me \$2.50, and I figure my loss at just \$1.50 each time I send a man the trial treatment. I, do not send just a day or two's treatment, but send enough to perfectly cure you or to demonstrate that I have a Restorative which will cure. After you have taken the test treatment you can send to me and I will charge you a very reasonable sum for a cure—something less than the druggist would charge you for the medicine called for in the prescription, or you can take the prescription to your family druggist and have it filled, just as you choose. If the Restorative is ordered from me, I make a small profit; if you get it from the druggist, I lose a dollar and a half for my trouble in demonstrating to you what a cure for Seminal Weakness really is.

# I Am Cordially Hated.

Do you know that I am cordially hated and most thoroughly despised by every "quack doctor" and "Vree Treatment and Electric Belt Schemer"? Solely because I have in the Sir John Hampton Vital Restorative a treatment which is curing men all over the country and restoring to them the Power and Vigor of Youth and which Nature intended they should retain as long as life lasts. They hate me because my Restorative is selling rapidity and the news that it is a Real Cure is spreading like wildfire. Just read this letter, which was written by one of these men who has made his business "treating weak men" for years, and it will give you an idea that the advent of my discovery of the Sir John Hampton Vital Restorative is rapidly losing them their patients who have been paying their hard-carned dollars for years:

"Do you know that every day you are making the medicine business harder? You must be young and inexper need in the husiness. Of course, I do not deny that you have a treatment which will cure these aliments—in fact. I know that you have; but here is the iden—you send linexper need in the husiness. #### CONGRESSMAN LLOYD ON **FUTURE PARTY POLICY.**

Suya Past Differences Should Be Put

Aside in the Interest of

REPUBLIC SPECIAL. Macon, Mo., March 27 .- "The fundamental ourse for the Democrats to achieve success in the next national campaign," remarked Congressman James T. Lloyd of the First District to-day, "is to put aside past differences and look to the future. The extremists of neither of the so-called factions of the Democratic party should be ermitted to dictate. Pair reasonir . essions here and there and an ener-

concessions here and there and an energetic, determined purpose will insure us a brilliant triumph. I assure you, the times bespeak it. Everything Indicates that with united action we will wrent from the itepublicans the grandest victory of our political history.

"It has been suggested, aside from parity differences, that the present era of prosperity is an insurmountable rock in the way of Democrate success?"

"Not at all," said Mr. Lloyd, "It is in our favor. This condition began sky years ago. The Democrate had as much to do with it as the Republicans. They have worked shoulder to shoulder, early and late, to bring it about. We said an ample supply of money would be one of the main forces to give us easier times. To-day the West is flooded with it. The East has less and the financiers of New York and Boston have been complaining. But the farmer of the Middle West is not.

"Our crops have been unprecedented. "Our crops have been unprecedented.

They were produced alike by the thrifty husbandmen of both parties, and have brought the stream of gold in from foreign countries. The wise man in times of prosperity provides for famine. History teaches us that good and bad times occur in cycles, without much regard to the administration in power. The reaction may be near-we trust it is far. The Democrats wii enter the campaign with sound business principles calculated to meet and reduce the hardships of any paric that may be a head of us. I am confident that a wise, conservative sprit will dominate our next National Convention. The man with a grudge will not have sufficient following to make his presence a menace. Neither will he who holds that only his views are right, and those of the man who disagrees with him necessarily wrong. There is no reason on earth why Democracy should be divided, and, speaking from my knowledge of its history and leading men, I say it will not be."

# VIGOROUS CAMPAIGN

Enthusiastic Gathering at the Odeon Arouses Party Workers to Greater Activity.

WARD MEETINGS ARRANGED.

H. B. Hawes, Lieutenant Governor Lee and Others Invited to Address Tenth Ward Democrats and Citizens To-Night.

With this end in view the Democrats are arranging for meetings in the various wards of the city, and will push the campaign with much vigor.

To-night there will be a meeting at Bly's Hall, at Broadway and Chippewa street, in the Tenth Ward. It is expected that the meeting will be one of the largest that will be held in the campaign.

Prominent Democrats have been invited to speak, among them being Harry B. Hawes, Lieutenant Governor Lee: T. L. Anderson, W. A. Carter, nominees for the City Council, and William H. Hughes, nominee for the House of Delegates. Hughes is one of the most popular young men in that section of the city. His candidacy is indorsed by many Republicans as well as other citizens, aside from the Democrats of the ward. He is well known in fraternal circles and is He is well known in fraternal circles and i

He is well known in fraternal circles and is at present head consul in Missouri, Illinois and Indiana for the Woodmen of the World.

There will be another meeting in the Tenth Ward next Thursday night, and Henne's Hall, Cherokee street and Gravols avenue, to which good speakers have been invited.

Another Democratic meeting will be held to-night in O'Connor's Hall. Marcus and Easton avenues. Several speakers have been invited and the Democratic nominees for the Council will attend.

REPUBLICAN MESTINGS.

REPUBLICAN MEETINGS.

The Twenty-first Ward Republican Club will meet to-night in Hashagen's Hall. Lechard and Baston avenues. W. H. Blake chairman of the Republican City Central Committee, and the nominees for the Council will speak.

A Republican mass meeting will be held at the Bellevue. Easton avenue and King's Highway boulevard, to-night, at which Walter W. Birge, nominee for the Council will speak.

A movement is on foot in this ward between the Republicans and the better element of the Democratic party to endeavor to have Alfred G. Clark, Independent candidate for the House, to withdraw from the race. It is through no personal objection to Mr. Clark that this is desired, but the better citizens of the ward fear his candidacy will detract enough votes from the Republican party to elect Geraghty, the Democratic nominee, and defeat Birge, who is regarded as the better man of the two for the office.

Will Use as Campaign Cry.

A mass meeting of the Independent party will be held in Eristol Hall in Webster Groves to-night, for the purpose of nominating a ticket for the election, Tuesday, April 7. Nominations will be made for Mayor, Collector, Marshal, Police Judge, four members of the Board of Aldermen and two Directors for the School Board.

The principal contest will be for the nomination of Marshal, to oppose Edward B, Nace, incumbent, who has been renominated by the administration party. Fred Knickman, Jr., of Old Orchard, and James McMahon of Webster Groves are candidates for the place.

The Independents are opposed to the alleged excessive taxation to which they are being subjected, and ask for general reforms. They maintain that they are taxed at a higher rate than the people of St. Louis and receive no advantages in return. Mayor Thomas C. Young heads the administration ticket, which was nominated Thursday night.

Town Clerk T. S. Burnett issued an official call for the election yesterday. The polls in the First Ward will be located at the northwest corner of Church and Lockwood avenues; the Second Ward, Selma Station and the Frisco Railroad; Fourth Ward, real estate office at intersection of Tuxedo boulevard and the Suburban Railroad tracks.

Miss Martha Miller Attacked While on Way to St. Louis. REPUBLIC SPECIAL.

Binghamton, N. Y., March 27.—Miss Mar-tha Miller, who is on her way to St. Louis, was taken from an Ontario and Western train in a trance last evening. She board-ed the train at Hoboken and dropped asleep in her seat. All efforts to arouse her proved ruitiess.

Physicians have worked over her inconsantly, and she aroused sufficiently to say her name was Martha Miller; that she had a large sum of money and was on her way to St. Louis, where her uncle is. She lapsed unconscious before her uncle's address could be obtained.

But had a ticket to St. Louis, but on money. Physicians pronounce her case a remarkable one.
